BRAINERD DAILY DISPATCH.

VOLUME 3, NO. 65. BRAINERD, MINN., TUESDAY, AUGUST 18, 1903. PRICE TWO CENTS.

REJECTS THE TREATY

THE COLOMBIAN SENATE TURNS DOWN THE HAY-HERRAN CONVENTION.

EXCITEMENT AT FEVER HEAT

PEOPLE OF COLON AND THE ISTHMUS OF PANAMA BITTERLY DISAPPOINTED.

Bogota, Colombia, Aug. 12, via Buena Ventura, Aug. 17.—The Panama canal treaty has been rejected unanimously by the Colombian senate.

It is reported that President Marroquin has been authorized by congress to make a new treaty which will not require further ratification, but that the basis given for the treaty will probably prove unacceptable to the United States.

It is considered, however, in official circles, according to reliable information, that the authorization given by congress to make a new treaty will furnish a basis for reopening negotiations with the United States.

It appears that one of the objections to the ratification of the treaty which carried weight in the senate was that the Panama Canal company did not come to a previous arrangement with the Colombian government for the transfer of the concession.

The action taken by the senate, moreover, seems to have been influenced by the communication made by the American minister in which the introduction of any amendments to the treaty was objected to.

BITTERLY DISAPPOINTED.

Colon and the Isthmus of Panama in a Fever of Excitement.

Colon, Colombia, Aug. 18.—All Colon and the Isthmus of Panama is in a fever of excitement and widespread disappointment at the rejection of the canal treaty by the Colombian senate. High authorities on the isthmus express the opinion that President Roosevelt possibly may insist on the right of the United States to purchase the canal enterprise from the French company, Colombia already having sanctioned the sale, and then take immediate steps to show Colombia that the United States is determined to go on with the matter; at the same time informing the Colombian government that the obstacles in the way of the transfer, viz: The question of money and the sovereignty and jurisdiction over the territory involved, etc., are questions for subsequent settlement and possible arbitration at The Hague.

The rejection is a heavy blow to property owners at Colon who have been investing heavily on the prospects of the treaty's being ratified.

Panama, Aug. 18.—The unanimous rejection of the Panama canal treaty by the senate has caused a profound impression here in all circles. The question on all lips is what will become of Panama. The only consolation the isthmians have is that the rest of the republic, with the exchange at a very high figure and with an upward tendency, will suffer a great deal more.

It seems that the government never expected the treaty to be ratified, and it was not supported in the senate.

General Lucio Valazoo, an old veteran and a distinguished army officer, has been appointed military commander of the department of Panama. It is thought that the fears, caused by the rumors of a secession movement on the isthmus, may have influenced the appointment.

REASON FOR REJECTION.

Senators Believed Treaty Encroached Upon Colombian Sovereignty.

Washington, Aug. 18.—The reason given for the rejection of the Colombian senate, it is said here, was the alleged encroachment on Colombia sovereignty, which its opponents contended would result from the treaty. This information was contained in a dispatch received last night by Dr. Herran, the Colombian charge, from Foreign Minister Ricos at Bogota. This dispatch showed that in its present form the treaty was absolutely unacceptable to the senate for the reason above stated, and that it had been rejected unanimously. The view taken by the senate was at variance to that held by the government of Columbia, which felt satisfied when it submitted the treaty to congress that there would be no impairment of Colombian sovereignty if the treaty should be ratified. Incidental to the general question of sovereignty necessarily was that of lease of the strip of land through which the canal was to be constructed, and the debate in the Colombia senate indicated that that body regarded this as amounting to

A Sale of the Land

and therefore objectionable. When the treaty was submitted to the senate by the committee to which it had been referred seven of the senators favored it with certain amendments which they proposed and the remaining two opposed it absolutely. The amendments proposed by the majority are not stated here, but they evidently referred to the question of sovereignty, as is indicated by the subsequent rejection of the treaty in its present form.

An interesting feature of the whole debate in the Colombian senate and in the committee's report favoring the treaty, is said to be the entire absence of reference to the question of indemnity offered by the United States for the right of way. It was generally supposed that this would cut a considerable figure in the discussion of the subject in Colombia, but the question of money consideration, it is said, faded away and was replaced by the sovereignty issue.

While President Roosevelt naturally is disappointed at the action of the Colombian congress, he does not desire at this time to make any comments upon it.

AN EXCITING INCIDENT

TORPEDO BOAT DESTROYER BARRY RAMS THE DECATUR DURING NAVAL REVIEW.

DAMAGE NOT VERY GREAT

THE ONLY ACCIDENT TO MAR A MAGNIFICENT AND IMPRESSIVE SPECTACLE.

Oyster Bay, L. I., Aug. 18.—For the first time in the history of the country, the president of the United States Monday reviewed and inspected, in time of peace, a great fleet of United States warships. The ceremony was a magnificent and impressive spectacle. It was unmarred by the slightest mishap until just at its conclusion, when the torpedo boat destroyer Barry rammed the destroyer Decatur, however, doing little damage.

The incident was exciting. It occurred just at the moment when the president was receiving congratulations upon the success of the maneuvers.

The first squadron of destroyers, consisting of the Decatur, Bainbridge, Barry, Dale and Chauncey, all under command of Lieutenant L. H. Chandler, was approaching the Mayflower at full speed. The vessels were in close formation.

Orders were signalled from the Decatur to the other vessels to form a wedge. In executing the orders, the Decatur swung across the bow of the Barry. An instant later the Barry rammed her on the starboard side. As the ships were running at a speed of twenty knots,

The Blow was Tremendous.

The Decatur listed sharply to port and seemed to be in serious distress. From the Mayflower she appeared to be sinking.

The Mayflower's boats were manned instantly, but were not lowered, as the Decatur was seen to right herself. In a few minutes she hoisted a signal of "no serious damage."

The Barry, which had struck the Decatur a glancing blow, had her bow crippled by the collision, but she was not injured otherwise. The accident put a sudden stop to the maneuvers of the destroyer squadron.

Admiral Dewey ordered Lieutenant Chandler to proceed with the five vessels to the Brooklyn navyyard, where such repairs as may be necessary could be made quickly. After the damage has been repaired, the squadron will rejoin the fleet and continue the summer maneuvers.

Both the president of Mrs. Roosevelt noted the accident with great calmness, notwithstanding the fact that their son, Kermit, was on board the Decatur at the time of the collision. In commenting on the accident, Admiral Dewey said that such an accident was a part of the war game and must, at times, be expected.

Long Line of Warships.

The review occurred on Long Island sound, two miles and a half off the entrance to Oyster Bay. President Roosevelt, in company with Secretary of the Navy Moody, Admiral Dewey, Rear Admiral Taylor, Rear Admiral Rogers, Captain Brownson, General Chaffee and General Barry, stood on the bridge of the auxiliary cruiser Mayflower, as she steamed slowly down one column of the warships and up the other. The two columns extended 2,500 yards, the ships being anchored at intervals of 500 yards. As the Mayflower passed each ship in the two columns, the yards and rails of each were manned by jackeys in white duck, the marines were paraded and presented arms, the president's salute of twenty-one guns was fired, the buglars sounded a flourish, the drummers gave four ruffles, the band played "Hail Columbia" and the entire crew stood at salute. As the Mayflower swept majestically past each ship, the crew of the saluting vessel gave the president three cheers as the commander-in-chief of the army and navy of the United States.

At the conclusion of the review, President Roosevelt received on board the Mayflower, Rear Admirals Albert S. Barker, James A. Sands, Joseph B. Coghlan and William C. Wise, and the captains and commanding officers of the twenty-two vessels in the fleet.

Received Foreign Naval Attaches.

He received also the naval attaches to the legations of four of the great powers, Captain Dechair of the British embassy, Captain Edwin Schaefer of the German embassy; Commander W. C. Boutakoff of the Russian embassy and Lieutenant Commander Isam Takeshika of the Japanese legation. Among the other guests of the president on board the Mayflower were Assistant Secretary of War Sanger, Sir Thomas Lipton, C. Oliver Iselin, Butler Duncan, Commodore Bourne of the New York Yacht club, Colonel Sharman Crawford, a representative of the Royal Ulster Yacht club, and Emlen Roosevelt.

President Roosevelt entertained his guests and all the commanding officers of the fleet at a delightful luncheon on board the Mayflower.

During the luncheon the president arose and said: "We have with us today, representatives of the great powers, Great Britain, Germany, Russia and Japan. I ask you to drink to these great powers and to their sovereigns."

The toast was drunk standing. Then the president continued:

"We also have with us representatives of an international incident. As to that, may the best boat win."

With laughter and applause that toast likewise was drunk by the guests standing.

Toast to the President.

Captain Dechair of the British embassy proposed a toast to the president, which the guests drank while standing.

At the conclusion of the luncheon, the officers returned to their ships. At 12:28, the president and his party left the Mayflower in a barge for the flagship Kearsarge, to return the sail of Rear Admiral Barker. The Mayflower fired a president's salute as the barge cleared the ship. As the president went aboard the Kearsarge, his flag was broken out at the main peak and every one of the twelve saluting ships in the fleet fired a president's salute.

After chatting with Admiral Barker and casually inspecting the Kearsarge, the president, before visiting the other flagships, to return the calls of the rear admirals, addressed the enlisted men and officers of the ship, who were drawn up on the gun deck.

The president complimented them on their appearance and work, spoke words of encouragement and said the navy was never so efficient as now.

During the entire ceremony 2,604 shots were fired. After the president's call on the flag officers, the Mayflower took up a position several miles to the eastward and the fleet filed by in review. The Mayflower then returned to Oyster Bay, the ceremonies of the day ending as the president and party disembarked to the thunder of a final salute.

VESUVIUS CONTINUES ACTIVE.

Belches Flames to the Height of Nearly Four Thousand Feet.

Naples, Aug. 18.—Vesuvius continues active and has now lasted two weeks. On nights when there is no moonlight, the spectacle is magnificent, the crater belching flames and smoke to the height of nearly 4,000 feet. In spite of the legend that Naples will be destroyed by Vesuvius, the Neapolitans firmly believe that their patron saint, San Gennaro, will stop the flow of lava with a gesture should it advance too near Naples. The stream of lava after flowing 2,650 feet in the direction of Ottajano, has stopped, while the other stream is still moving and has reached a point 2,550 feet towards Pompeii.

Seattle, Wash., Aug. 18.—Every train arriving in Seattle from the East and South brings its quota of delegates to the Transmississippi commercial congress, which convenes today.

The congress will be called to order at Leschi park pavilion on Lake Washington by Judge C. J. Garvin of Raton, N. M., president of the executive committee, who will introduce President Kirby. Addresses of welcome will be delivered by Governor Henry McBride on behalf of Washington; Mayor Thomas J. Humes, on behalf of Seattle, and Judge Thomas Burke on behalf of the commercial organizations of the Northwest.

CONNIVE AT OUTRAGE

TURKISH AUTHORITIES ASSIST BASHI-BAZOUKS IN WORK OF PILLAGE.

Sofia, Bulgaria, Aug. 18.—A dispatch received here from Uskub says that 600 Bashi-Bazouks, under the command of Albanian chiefs who are notoriously cruel, have pillaged and destroyed a number of Christian villages in the districts of Debre and Okrida. The Turkish authorities, it is added, connived at the outrages and furnished the Bashi-Bazouks with old uniforms, in order that they might appear to be regular soldiers.

Sebastapol, Aug. 18.—The squadron of the Russian Black Sea fleet, which has been ordered to the Turkish coast, sailed Monday. It is under the command of Rear Admiral Krueger.

Ninth Victim of Twigg.

Winfield, Kan., Aug. 18.—Otis Carter, a bill poster, one of the persons shot by Gilbert Twigg, an insane man, at a band concert last week, died Monday, being the ninth victim to succumb. Everett Ridgway is dying. The other twenty-five will recover.

TELEGRAPHIC BREVITIES.

The strike of Holyoke (Mass.) papermakers will be declared off this week.

Judge Rogers of the United States circuit court at St. Louis holds that blacklists are not illegal.

John G. Hinkel, a pioneer of St. Paul, committed suicide by shooting on account of despondency over business failure.

Hail storms were general Monday in Eastern North Dakota and Western Minnesota, but little damage to crops is reported.

James Vego was killed by lightning at Ely, Minn., Monday. The same bolt also killed his team and partially demolished his wagon.

The jury has been secured for the trial at New York of Walking Delegate Sam Parks, charged with extortion and the case will be opened today.

A slightly more hopeful feeling now prevails among the planters of Jamaica regarding the disastrous situation brought about by the recent hurricane, and some crops may yet be saved.

On nights when there is no moonlight, the spectacle is magnificent, the crater belching flames and smoke to the height of nearly 4,000 feet. In spite of the legend that Naples will be destroyed by Vesuvius, the Neapolitans firmly believe that their patron saint, San Gennaro, will stop the flow of lava with a gesture should it advance too near Naples. The stream of lava after flowing 2,650 feet in the direction of Ottajano, has stopped, while the other stream is still moving and has reached a point 2,550 feet towards Pompeii.

DELEGATES ARE ARRIVING.

Transmississippi Commercial Congress to Open at Seattle.

Seattle, Wash., Aug. 18.—Every train arriving in Seattle from the East and South brings its quota of delegates to the Transmississippi commercial congress, which convenes today.

The congress will be called to order at Leschi park pavilion on Lake Washington by Judge C. J. Garvin of Raton, N. M., president of the executive committee, who will introduce President Kirby. Addresses of welcome will be delivered by Governor Henry McBride on behalf of Washington; Mayor Thomas J. Humes, on behalf of Seattle, and Judge Thomas Burke on behalf of the commercial organizations of the Northwest.

CONNIVE AT OUTRAGE

TURKISH AUTHORITIES ASSIST BASHI-BAZOUKS IN WORK OF PILLAGE.

Sofia, Bulgaria, Aug. 18.—A dispatch received here from Uskub says that 600 Bashi-Bazouks, under the command of Albanian chiefs who are notoriously cruel, have pillaged and destroyed a number of Christian villages in the districts of Debre and Okrida. The Turkish authorities, it is added, connived at the outrages and furnished the Bashi-Bazouks with old uniforms, in order that they might appear to be regular soldiers.

Sebastapol, Aug. 18.—The squadron of the Russian Black Sea fleet, which has been ordered to the Turkish coast, sailed Monday. It is under the command of Rear Admiral Krueger.

Ninth Victim of Twigg.

Winfield, Kan., Aug. 18.—Otis Carter, a bill poster, one of the persons shot by Gilbert Twigg, an insane man, at a band concert last week, died Monday, being the ninth victim to succumb. Everett Ridgway is dying. The other twenty-five will recover.

TELEGRAPHIC BREVITIES.

The strike of Holyoke (Mass.) papermakers will be declared off this week.

Judge Rogers of the United States circuit court at St. Louis holds that blacklists are not illegal.

John G. Hinkel, a pioneer of St. Paul, committed suicide by shooting on account of despondency over business failure.

Hail storms were general Monday in Eastern North Dakota and Western Minnesota, but little damage to crops is reported.

James Vego was killed by lightning at Ely, Minn., Monday. The same bolt also killed his team and partially demolished his wagon.

The jury has been secured for the trial at New York of Walking Delegate Sam Parks, charged with extortion and the case will be opened today.

A slightly more hopeful feeling now prevails among the planters of Jamaica regarding the disastrous situation brought about by the recent hurricane, and some crops may yet be saved.

PASSENGER TRAINS COLLIDE.

One Man Killed and Several Others Seriously Injured.

Chicago, Aug. 18.—In a head-on collision between two passenger trains on the Chicago, Milwaukee and St. Paul railway near Long Lake early Monday, Express Messenger W. A. Northway received injuries which resulted in his death, an engineer and fireman were probably fatally injured and a number of persons were more or less seriously hurt. Many of the victims were Chicagoans on their way to and from the Wisconsin lake resorts. Those among the injured who were able to travel were brought to this city. Several of the victims were buried beneath the mass of wreckage and were removed with great difficulty. The trains were running at a high rate of speed and met on a curve. A mistake in train orders is given as the cause fo the accident.

Those seriously injured are: Milton Twichell, engineer; Albert Zeal, fireman; William Higgins, baggageman; Albert Rastman, express messenger.

All of the injured trainmen were on the eastbound train, which left Madison, Wis., at 6:20 a. m. The passengers in both trains were thrown into a panic and many sustained painful though not serious injuries.

Conference Opens Auspiciously.

About 500 girls are enrolled at present and more are expected by the end of the week. Many of the Eastern and Western, as well as the Central states are represented. Monday all the Bible classes, missionary and student conferences were opened.

IN PRIVATE AUDIENCE.

Pope Pius X Receives Church Dignitaries and Sir Thomas Esmonde.

Rome, Aug. 15.—The pope Friday received in private audience several cardinals, archbishops and bishops. He also received Sir Thomas Esmonde, the representative of the Irish parliamentary party. Sir Thomas was left alone with the pontiff and when he wished to kneel, the pope most amiably stretched out his hand and asked him to be seated at his side. Sir Thomas presented the congratulations of the Irish party upon the pope's accession and the pontiff was much gratified, saying that the Irish were very dear, loyal people and that he wished them all prosperity and happiness.

Speculation concerning the appointment of secretary of state continues to be the engrossing topic at the vatican.

There has been a suggestion that Cardinal Gotti should be appointed to this post on the ground that such an appointment would please Germany and Austria, and that Cardinal Rampolla should replace Gotti as prefect of the propaganda, thus insuring the protection of France's interests in the far East. Cardinal Satolli and Mgr. Callegari are most prominently mentioned for the place.

Pope Pius X has signified his intention of occupying the apartment in which Pope Leo lived and the furniture is now being removed for that purpose.

Naples, Italy, Aug. 15.—A parish priest named Milone willed his whole fortune of $80,000 to the reigning pontiff when Leo XIII was at the point of death. The priest's family now set up the claim that the will is invalid. Cardinal Rampolla, as papal secretary of state, will institute proceedings to obtain the money for the church.

DELIVERS PRINCIPAL ADDRESS.

President Roosevelt Talks Upon Decency of Speech and Conduct.

Oyster Bay, N. Y., Aug. 17.—President Roosevelt delivered the principal address at the quarterly meeting of the Society of the Holy Name, of Brooklyn and Long Island, held here Sunday. Decency of speech and conduct constituted the theme of his address, which was enthusiastically applauded by an audience of more than 2,000 persons, chiefly men.

After the audience had sung "America," Father Powers, rector of St. Dominic's, introduced the president in a felicitious speech.

When President Roosevelt rose to speak, he was greeted with cheers, and it was quite a minute before he was able to proceed. Among other things he said:

"I desire to see in this country the decent men strong and the strong men decent, and until we get that combination in pretty good shape we are not going to be by any means as successful as we should be. There is always a tendency among very strong men and among boys who are not quite young men as yet, to think that to be wicked is rather smart; it shows that they are men. Oh, how often you see some young fellow who boasts that he is going to see life, meaning by that, that he is going to see that part of life which it is a thousand fold better if it remains unseen. I ask that every man here constitute himself his brother's keeper by setting an example to that younger brother which will prevent him from getting such a false estimate of life as that. Example is the most potent of all things. If any one of you in the presence of younger boys, and especially the younger people of your own family, misbehaves yourself, if you use coarse and blasphemous language before them, you can be sure that these younger people will follow your example and not your precept. It is no use to preach to them if you do not act decently yourself. You have got to feel that the most effective way in which you can preach is by your practice."

President Roosevelt and his family attended divine services on the battleship Kearsarge in the morning.

Allison and Cannon Confer.

Chicago, Aug. 17.—Senator William B. Allison of Iowa and Congressman Joseph G. Cannon of Illinois, slated as speaker of the next house, held a conference at the Auditorium Annex last night, but neither statesman would discuss the meeting.

BRIDGES WASHED AWAY.

Kansas River Higher Than at Any Time Since the June Flood.

Kansas City, Aug. 18.—Boats are again in use to transport persons between the two Kansas Cities, the James street foot and wagon bridge and the Metropolitan street railway company's bridge over the Kansas river having been carried out by the strong current. The river is higher than at any time since the June flood, and other structures are in danger. The wrecked bridges are temporary pile affairs constructed hastily two months ago. A further rise is expected, as half a dozen tributaries to the Kansas river west of here are bank full.

The river has been turbulent for over a week past and the strong current has brought in great quantities of drift wood. The James street bridge was partly wrecked Sunday. Soon after it went out Monday morning it floated down and took out the street railway bridge, severing the main line of communication across the river and carrying with it the Kansas City, Kan., gas main and telephone cable. Kansas City, Kan., is practically in darkness. The wreckage of the two bridges finally lodged against the Chicago Great Western railway bridge and while it weakened that structure and put it out of service, it will, it is believed, remain intact.

DOLLAR WHEAT!

This Is The Time For The Farmer to Rush His Crop to Market and Buy the Sept. Option.

A Profit of 10c to 14c a Bushel by Selling The Cash Grain and Buying the September as now Quoted. : : : :

To Grain Growers of the Northwest

If you have wheat to sell prepare to sell it at once. Don't lose an hour. Sell "to arrive," sell by sample, send every carload to market now while the price is $1.00.

Cash wheat has been selling at a dollar a bushel for several days in Minneapolis. This is the first dollar wheat for a number of years. As everyone knows this is an unusually high price—particularly for this time of year with a new crop at our doors.

On the other hand it is evident from the small amount of wheat offered that the supply is nearly exhausted. The decrease in the local visible supply for the week ending today is 850,000 bushels, leaving only about 1,375,000 bushels in stock in Minneapolis—and this is practically all owned by one firm. Last year the local stock on hand was more than twice as great or 2,816,000 bushels.

For these reasons we are bound to say that the situation is a legitimate one and we look for higher prices to rule all fall and winter.

We want our friends to reap the benefit of this advancing market and advice—

Buy September Wheat Before it Gets Away From You.

If you have cash wheat on hand our advice is to—

Ship in Your Cash Wheat Quick and Buy September Delivery

It is a plain matter of addition and subtraction to see how you can make 10c to 14c by taking our advice. Here are the figures, of August 15, see that they are correct:

No. 1 northern wheat at (over) a bushel.............$1.00
Wheat for September at a bushel.............86
Profit.............14 a bushel

The Foreign Demand.

The foreign demand for our wheat is getting fiercer. It seems they must have it By the time September comes 'round there will be no more wheat on hand and then the September option is bound to go up. It may reach the present cash price. In that case the 14c difference will be just so much added profit above the price of the dollar wheat.

We Repeat Ship us your cash wheat, we will assure you the highest cash prices. Then let us buy for you the same amount of September wheat. We charge you only ½c a bushel for selling your cash wheat and only 1-16c per bushel for handling the September option. This is just half what other grain people will charge you for the same service.

Don't wait until the September option is around a dollar a bushel to buy. You must act quick!

DELIVERS PRINCIPAL ADDRESS.

President Roosevelt Talks Upon Decency of Speech and Conduct.

Oyster Bay, N. Y., Aug. 17.—President Roosevelt delivered the principal address at the quarterly meeting of the Society of the Holy Name, of Brooklyn and Long Island, held here Sunday. Decency of speech and conduct constituted the theme of his address, which was enthusiastically applauded by an audience of more than 2,000 persons, chiefly men.

After the audience had sung "America," Father Powers, rector of St. Dominic's, introduced the president in a felicitious speech.

When President Roosevelt rose to speak, he was greeted with cheers, and it was quite a minute before he was able to proceed. Among other things he said:

"I desire to see in this country the decent men strong and the strong men decent, and until we get that combination in pretty good shape we are not going to be by any means as successful as we should be. There is always a tendency among very strong men and among boys who are not quite young men as yet, to think that to be wicked is rather smart; it shows that they are men. Oh, how often you see some young fellow who boasts that he is going to see life, meaning by that, that he is going to see that part of life which it is a thousand fold better if it remains unseen. I ask that every man here constitute himself his brother's keeper by setting an example to that younger brother which will prevent him from getting such a false estimate of life as that. Example is the most potent of all things. If any one of you in the presence of younger boys, and especially the younger people of your own family, misbehaves yourself, if you use coarse and blasphemous language before them, you can be sure that these younger people will follow your example and not your precept. It is no use to preach to them if you do not act decently yourself. You have got to feel that the most effective way in which you can preach is by your practice."

President Roosevelt and his family attended divine services on the battleship Kearsarge in the morning.

Allison and Cannon Confer.

Chicago, Aug. 17.—Senator William B. Allison of Iowa and Congressman Joseph G. Cannon of Illinois, slated as speaker of the next house, held a conference at the Auditorium Annex last night, but neither statesman would discuss the meeting.

BRIDGES WASHED AWAY.

Kansas River Higher Than at Any Time Since the June Flood.

Kansas City, Aug. 18.—Boats are again in use to transport persons between the two Kansas Cities, the James street foot and wagon bridge and the Metropolitan street railway company's bridge over the Kansas river having been carried out by the strong current. The river is higher than at any time since the June flood, and other structures are in danger. The wrecked bridges are temporary pile affairs constructed hastily two months ago. A further rise is expected, as half a dozen tributaries to the Kansas river west of here are bank full.

The river has been turbulent for over a week past and the strong current has brought in great quantities of drift wood. The James street bridge was partly wrecked Sunday. Soon after it went out Monday morning it floated down and took out the street railway bridge, severing the main line of communication across the river and carrying with it the Kansas City, Kan., gas main and telephone cable. Kansas City, Kan., is practically in darkness. The wreckage of the two bridges finally lodged against the Chicago Great Western railway bridge and while it weakened that structure and put it out of service, it will, it is believed, remain intact.

DOLLAR WHEAT!

This Is The Time For The Farmer to Rush His Crop to Market and Buy the Sept. Option.

A Profit of 10c to 14c a Bushel by Selling The Cash Grain and Buying the September as now Quoted. : : : :

To Grain Growers of the Northwest

If you have wheat to sell prepare to sell it at once. Don't lose an hour. Sell "to arrive," sell by sample, send every carload to market now while the price is $1.00.

Cash wheat has been selling at a dollar a bushel for several days in Minneapolis. This is the first dollar wheat for a number of years. As everyone knows this is an unusually high price—particularly for this time of year with a new crop at our doors.

On the other hand it is evident from the small amount of wheat offered that the supply is nearly exhausted. The decrease in the local visible supply for the week ending today is 850,000 bushels, leaving only about 1,375,000 bushels in stock in Minneapolis—and this is practically all owned by one firm. Last year the local stock on hand was more than twice as great or 2,816,000 bushels.

For these reasons we are bound to say that the situation is a legitimate one and we look for higher prices to rule all fall and winter.

We want our friends to reap the benefit of this advancing market and advice—

Buy September Wheat Before it Gets Away From You.

If you have cash wheat on hand our advice is to—

Ship in Your Cash Wheat Quick and Buy September Delivery

It is a plain matter of addition and subtraction to see how you can make 10c to 14c by taking our advice. Here are the figures, of August 15, see that they are correct:

No. 1 northern wheat at (over) a bushel.....$1.00
Wheat for September at a bushel..... .86
Profit..... .14 a bushel

The Foreign Demand.

The foreign demand for our wheat is getting fiercer. It seems they must have it By the time September comes 'round there will be no more wheat on hand and then the September option is bound to go up. It may reach the present cash price. In that case the 14c difference will be just so much added profit above the price of the dollar wheat.

We Repeat Ship us your cash wheat, we will assure you the highest cash prices. Then let us buy for you the same amount of September wheat. We charge you only ½c a bushel for selling your cash wheat and only 1-16c per bushel for handling the September option. This is just half what other grain people will charge you for the same service.

Don't wait until the September option is around a dollar a bushel to buy. You must act quick!

Ambrose Tighe Says City Can Run Through His Land if the Sewer is

APPROVED BY BOARD OF HEALTH

Meeting of the City Council Last Night Attended by Head of Water Company.

There was a meeting of the city council last night and it was expected that there would be something doing and that there would be some favorable results in working out the water works and sewer questions, but there wasn't, and today Brainerd is about at the same crossing in the road as it was six months ago.

Odd as it may seem nothing whatever was accomplished which would in anyway relieve the strained condition now existing between the city and the Minnesota Water Works company although President Tighe was present to discuss the matter pro and con, and even urged that something be done at this meeting so that he could go to the seaside to bask in the sunlight for a month or two. It was the same old story of postponing matters, and when President Tighe seemed to ask a concession all hands seemed to sort of give in.

In view of the fact that it was generally known that the water works question would come up there were several citizens present at the meeting, but it was one of the last matters to be considered and not much time was taken with the discussion of it after all.

The question came up under the head of unfinished business and when City Clerk Low started to read the bids for the construction of the sewer in the Fourth ward. It was at this point that President Tighe was sent for. It was thought at first best not to open the bids at all unless it was ascertained that the right of way could be secured from Mr. Tighe to run the sewer across his patch of ground in the bottom, but the council was informed that the gentleman mentioned was in the city and would be present at the meeting in a short time. President Tighe finally showed up and before anything was done further on the sewer matter he was heard from.

The question whether he would object to the city running a sewer across his ground was put to Mr. Tighe point blank and it did not take that gentleman very long to answer, and answer too, in about as smooth a manner as could be imagined.

Contrary to what might be expected President Tighe did not flare up and sail in by telling what the city could or would do, but in one of his pleasing, sauve talks with an "Hello Si, how be yea" attitude started in to pour oil on the troubled waters and in less than three minutes one would never have known that there had ever been anything the matter. Why, certainly he did not want to stand in the way of the city in its attempts to make improvements, but mind it, he was looking after the interests of the city as well as his own when he raised the objection to the sewer running across the bottom. If any one ever had an idea that Mr. Tighe objected to this sewer on purely personal grounds the little talk he gave would convince them that that was all bosh. He told the members of the council that the only objection he had was from a sanitary point of view, and that if the state board of health would o. k. the proposed system he would not stand in the way for a minute.

City Attorney Fleming and President Tighe had a little repartee, at the close of which it was considered that the city had been granted a great concession from President Tighe, but there was a string tied to it longer than a new four dollar clothes line. Judge Fleming put the question to President Tighe very plain and the latter gentleman stated that he would raise no objection and would sign a lease allowing the city to cross his land with the sewer just as soon as a letter was secured from Secretary Bracken, of the state board of health, approving the system. It was all from a sanitary point of view with Mr. Tighe. This, in fact, was no concession whatever, for at the last meeting of the council a letter was read from Secretary Bracken advising the council not to enter into contract for the sewer

Well, the promise from President Tighe that he would "be good" "if" the state board of health approved the general plan of the sewer, seemed to settle the sewer matter and he asked permission to be heard on the other question, the water works question, and he was heard at length.

It seems that President Tighe did not savor the action of the citizen's committee in turning down his communication a few nights ago. He stated that the proposition sent by him to the citizen's committee in writing at that time was made after deliberate consultation with Attorney A. D. Polk, while the latter was in St. Paul. President Tighe stated that he did not feel very good over having his comunication tabooed in this manner, and in view of the fact that the condemnation proceedings were recommended at the very same meeting, he admitted after all that he did not care to grant the concession asked in the sewer matter. Considerable laughter was occasioned when he stated that the meeting was made notable by its very adverse results to him; that a motion prevailed that his communication be tabled, another that condemnation proceedings be commenced at once against his plant, and had not another motion to adjourn prevailed, a motion would have been made to hang him.

The genial gentleman seemed somewhat hurt over the fact that his proposition to the citizen's committee had been tabled, and admitted that he was somewhat discouraged. He said he had been led to believe that if he would make a proposition that he would be met half way. He admitted that he did dot care to grant the request on the sewer question in view of the fact that litigation had been proposed against him. He thought as long as there was to be general litigation he did not care what it was that was to be litigated.

Mr. Tighe then went on and made a new proposition. He has come to the conclusion that the city needs more power at the pumping station and he stated that he wanted to put in another boiler. This improvement he said would cost him $5,000, and all he asked was that the city promise that it would not bring condemnation proceedings against him during the balance of the term of his franchise.

Alderman Rowley thought that the citizen's committee should be consulted in this matter, and finally this was what was decided and nothing more was done in the sewerage or water works matter.

City Attorney Fleming suggested a remedy in the matter by preparing a suitable ordinance, but the members of the council are confident that there will be no extension of contract or franchise to Mr. Tighe.

ROUTINE BUSINESS.

There was a full attendance of the council and President Crust presided.

The financial report of City Clerk Low for the month of July was received and on motion was filed.

A communication was read from Polk & Polk asking the city in a mild way to settle damages to the bottling plant of James Cullen during the high water a year ago. It was claimed that culvert in a creek was inadequate to carry the water off and this resulted in the damage. The matter was referred to City Attorney Fleming to report on at the next meeting of the council.

A resolution was passed raising the pay of the second lineman to $60 per month.

City Clerk Low reported having received $354.81, the amount of the state apportionment for the different fire companies in this city. On motion it was ordered divided among the companies.

A resolution was passed ordering a large number of new sidewalks laid in the city. This brought out much talk regarding grades, and City Engineer Woolman brought out some rather startling information regarding the irregularity of the street lines in the entire city. It seems that some grave mistakes have been made in giving lines for sidewalks. The matter was discussed at length and it was decided that the city engineer had full power in the matter.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape this Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkakle remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be had by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for this trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but H. P. Dunn & Co. offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily you can save the expense and trouble of a mountain trip and avoid all danger of hay fever. 55

WILL VISIT VALLEY CITY.

Committee From the Public Library Board will Look Over the New Library Building There.

A meeting of the public library board was held last night in the rooms over the N. P. depot. Several plans were submitted to the board by different architects, but again the meeting adjourned without any definite action. The board rather favored the plans of an architect at Fargo, which are a duplicate of those used in the library building at Valley City. The board decided to have a committee see the building at Valley City, which has been completed, and report at the next meeting.

BEACH & BOWERS MINSTRELS.

Beach & Bowers' minstrel entertainment this season surpasses all former efforts as they have assumed a brand new departure from any and all minstrel shows on earth. That is they are now exhibiting under canvas and have taken the opportunity of presenting, not only big circus acts, but they are featuring twenty educated ponies and forty trained dogs, so you will witness, not only a circus ring performance but a stage performance as well with fine scenic effects and startling illusions superbly mounted and incomparably costumed.

⁂

S. MILLER KENT.

At the Brainerd opera house Thursday August 27th comes S. Miller Kent, one of the favorite young actors. Mr. Kent delighted theatre goers for two season as "Teddy North," in "The Cowboy and the Lady." Now he comes in a new play—an original comedy-drama by Mr. E. E. Rose, author of "Janice Meredith," and "Alice of Old Vincennes." The title of Mr. Kent's play is "Fighting Bob." The scenes are laid in Mexico and South America, which means handsome stage settings and picturesque costumes.

Odd as it may seem nothing whatever was accomplished which would in anyway relieve the strained condition now existing between the city and the Minnesota Water Works company although President Tighe was present to discuss the matter pro and con, and even urged that something be done at this meeting so that he could go to the seaside to bask in the sunlight for a month or two. It was the same old story of postponing matters, and when President Tighe seemed to ask a concession all hands seemed to sort of give in.

In view of the fact that it was generally known that the water works question would come up there were several citizens present at the meeting, but it was one of the last matters to be considered and not much time was taken with the discussion of it after all.

The question came up under the head of unfinished business and when City Clerk Low started to read the bids for the construction of the sewer in the Fourth ward. It was at this point that President Tighe was sent for. It was thought at first best not to open the bids at all unless it was ascertained that the right of way could be secured from Mr. Tighe to run the sewer across his patch of ground in the bottom, but the council was informed that the gentleman mentioned was in the city and would be present at the meeting in a short time. President Tighe finally showed up and before anything was done further on the sewer matter he was heard from.

The question whether he would object to the city running a sewer across his ground was put to Mr. Tighe point blank and it did not take that gentleman very long to answer, and answer too, in about as smooth a manner as could be imagined.

Contrary to what might be expected President Tighe did not flare up and sail in by telling what the city could or would do, but in one of his pleasing, sauve talks with an "Hello Si, how be yea" attitude started in to pour oil on the troubled waters and in less than three minutes one would never have known that there had ever been anything the matter. Why, certainly he did not want to stand in the way of the city in its attempts to make improvements, but mind it, he was looking after the interests of the city as well as his own when he raised the objection to the sewer running across the bottom. If any one ever had an idea that Mr. Tighe objected to this sewer on purely personal grounds the little talk he gave would convince them that that was all bosh. He told the members of the council that the only objection he had was from a sanitary point of view, and that if the state board of health would o. k. the proposed system he would not stand in the way for a minute.

City Attorney Fleming and President Tighe had a little repartee, at the close of which it was considered that the city had been granted a great concession from President Tighe, but there was a string tied to it longer than a new four dollar clothes line. Judge Fleming put the question to President Tighe very plain and the latter gentleman stated. that he would raise no objection and would sign a lease allowing the city to cross his land with the sewer just as soon as a letter was secured from Secretary Bracken, of the state board of health, approving the system. It was all from a sanitary point of view with Mr. Tighe. This, in fact, was no concession whatever, for at the last meeting of the council a letter was read from Secretary Bracken advising the council not to enter into contract for the sewer

Well, the promise from President Tighe that he would "be good" "if" the state board of health approved the general plan of the sewer, seemed to settle the sewer matter and he asked permission to be heard on the other question, the water works question, and he was heard at length.

It seems that President Tighe did not savor the action of the citizen's committee in turning down his communication a few nights ago. He stated that the proposition sent by him to the citizen's committee in writing at that time was made after deliberate consultation with Attorney A. D. Polk, while the latter was in St. Paul. President Tighe stated. that he did not feel very good over having his comunication tabooed in this manner, and in view of the fact that the condemnation proceedings were recommended at the very same meeting, he admitted after all that he did not care to grant the concession asked in the sewer matter. Considerable laughter was occasioned when he stated that the meeting was made notable by its very adverse results to him; that a motion prevailed that his communication be tabled, another that condemnation proceedings be commenced at once against his plant, and had not another motion to adjourn prevailed, a motion would have been made to hang him.

The genial gentleman seemed somewhat hurt over the fact that his proposition to the citizen's committee had been tabled, and admitted that he was somewhat discouraged. He said he had been led to believe that if he would make a proposition that he would be met half way. He admitted that he did dot care to grant the request on the sewer question in view of the fact that litigation had been proposed against him. He thought as long as there was to be general litigation he did not care what it was that was to be litigated.

Mr. Tighe then went on and made a new proposition. He has come to the conclusion that the city needs more power at the pumping station and he stated that he wanted to put in another boiler. This improvement he said would cost him $5,000, and all he asked was that the city promise that it would not bring condemnation proceedings against him during the balance of the term of his franchise.

Alderman Rowley thought that the citizen's committee should be consulted in this matter, and finally this was what was decided and nothing more was done in the sewerage or water works matter.

City Attorney Fleming suggested a remedy in the matter by preparing a suitable ordinance, but the members of the council are confident that there will be no extension of contract or franchise to Mr. Tighe.

ROUTINE BUSINESS.

There was a full attendance of the council and President Crust presided.

The financial report of City Clerk Low for the month of July was received and on motion was filed.

A communication was read from Polk & Polk asking the city in a mild way to settle damages to the bottling plant of James Cullen during the high water a year ago. It was claimed that culvert in a creek was inadequate to carry the water off and this resulted in the damage. The matter was referred to City Attorney Fleming to report on at the next meeting of the council.

A resolution was passed raising the pay of the second lineman to $60 per month.

City Clerk Low reported having received $354.81, the amount of the state apportionment for the different fire companies in this city. On motion it was ordered divided among the companies.

A resolution was passed ordering a large number of new sidewalks laid in the city. This brought out much talk regarding grades, and City Engineer Woolman brought out some rather startling information regarding the irregularity of the street lines in the entire city. It seems that some grave mistakes have been made in giving lines for sidewalks. The matter was discussed at length and it was decided that the city engineer had full power in the matter.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape this Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkakle remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be had by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for this trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but H. P. Dunn & Co. offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily you can save the expense and trouble of a mountain trip and avoid all danger of hay fever. 55

It conquers all coughs, colds and throat and lung troubles. Guaranteed by H. P. Dunn & Co. drug store. Price 50c, and $1.00. Trial bottles free.

WILL VISIT VALLEY CITY.

Committee From the Public Library Board will Look Over the New Library Building There.

A meeting of the public library board was held last night in the rooms over the N. P. depot. Several plans were submitted to the board by different architects, but again the meeting adjourned without any definite action. The board rather favored the plans of an architect at Fargo, which are a duplicate of those used in the library building at Valley City. The board decided to have a committee see the building at Valley City, which has been completed, and report at the next meeting.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at H. P. Dunn & Co. drug store.

MUSIC AND DRAMA.

BEACH & BOWERS MINSTRELS.

Beach & Bowers' minstrel entertainment this season surpasses all former efforts as they have assumed a brand new departure from any and all minstrel shows on earth. That is they are now exhibiting under canvas and have taken the opportunity of presenting, not only big circus acts, but they are featuring twenty educated ponies and forty trained dogs, so you will witness, not only a circus ring performance but a stage performance as well with fine scenic effects and startling illusions superbly mounted and incomparably costumed.

⁂

S. MILLER KENT.

At the Brainerd opera house Thursday August 27th comes S. Miller Kent, one of the favorite young actors. Mr. Kent delighted theatre goers for two season as "Teddy North," in "The Cowboy and the Lady." Now he comes in a new play—an original comedy-drama by Mr. E. E. Rose, author of "Janice Meredith," and "Alice of Old Vincennes." The title of Mr. Kent's play is "Fighting Bob." The scenes are laid in Mexico and South America, which means handsome stage settings and picturesque costumes.

Builds up the system, puts pure rich blood in the veins, makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

UNKNOWN MAN HELD MRS. HILSROW OF SUNBURY, IA., FOR IMMENSE RANSOM.

WOMAN MADE HER ESCAPE

BUT SHE IS NOW IN A CRITICAL CONDITION AS THE RESULT OF EXPOSURE.

Davenport, Ia., Aug. 18.—Reports come from Sunbury, Ia., of the kidnapping late Sunday night of Mrs. John Hilsrow, wife of a wealthy farmer, and an attempt to extort $50,000 ransom from her husband. Mrs. and Mrs. Hilsrow were decoyed from their home by a man who said that their son was ill in a near-by town. While they were driving along a lonely road, with the strange man, it is said, Hilsrow, who is aged and feeble, was thrown from the buggy and was told that his wife would be held until he brought the money to a certain secluded spot. Mrs. Hilsrow was imprisoned in the cellar of a deserted farmhouse. During Sunday night, while her captor was away from the house, she made her escape, running to a farmhouse in the neighborhood. In the meantime her husband had communicated with the county authorities, but no trace of the kidnapper could be found. Mrs. Hilsrow is in a critical condition from exposure.

WILL OPEN TWO PORTS.

China Agrees to Allow Foreigners to Enter Mukden and Tatung Tao.

Washington, Aug. 18.—Minister Conger at Peking has secured a written promise from Prince Ching to sign on Oct 8 a treaty with the United States, which will include a guarantee that Mukden and Tatung Tao shall be open ports.

Peking, Aug. 18.—The arrangement made by Minister Conger for the signing of a treaty between China and the United States, providing for the opening of Mukden and Tatung Tao on the date of Russia's promised final evacuation of Manchuria, ends the stubborn resistance by the Chinese, which for some time promised to be successful.

Prince Ching made one defense after another until all were exhausted. He first argued Russian opposition to the opening of these ports. He then said that he was not informed that Russia had consented to the opening. Finally, he refused on the ground that China was unable to open towns which were held by another power.

When the present settlement was proposed with the explanation that China must presume that Russia intended to fulfill her evacuation agreement, Prince Ching reluctantly gave in.

Tatung Tao is a small port which does not promise much business to attract foreigners in the near future. Its opening is mainly important as a victory for the open door principle.

FAIR AVERAGE YIELD.

Northern Pacific Issues a Report on Wheat.

St. Paul, Aug. 18.—Wheat of excellent quality and a fair average yield is the general tenor of the Northern Pacific crop report issued yesterday, although there is a wide diversity of reports from the various stations. Grain has matured slowly on account of the cool weather, but has filled out splendidly. Harvesting has begun in some places, and will be general by the latter part of this week.

MRS. NATION ARRESTED.

Charged With Disorderly Conduct for Attacking Smokers.

Bayonne, N. J., Aug. 18.—Mrs. Carrie Nation was locked up here Monday evening charged with disorderly conduct. She collected a crowd by harranguing on a street corner and then ran around among the men, striking cigars, pipes and cigarettes from their mouths until a policeman arrested her.

DOUBLE TRAGEDY.

Connecticut Man Kills His Former Landlady and Commits Suicide.

New Britain, Conn., Aug. 18.—Frank Shirtleff, an insurance agent, aged thirty, shot and killed Mrs. George Schofield at her home here Monday, and then shot and killed himself. Shirtleff formerly boarded with Mrs. Schofield. Jealousy and unrequitted love are presumed to have caused the tragedy.

STRIKERS SHOT DOWN.

Fourteen Killed and One Hundred and Fifty Wounded by Russian Troops.

London, Aug. 18.—Fourteen strikers were killed and 150 wounded in a military onslaught which occurred in the vicinity of Kieff as late as Aug. 11, according to a Russian correspondent of the Times. The troops, he says, fired several volleys into the strikers at close quarters.

Massachusetts May Sail on Thursday.

Washington, Aug. 18.—Captain Emory, commanding the battleship Indiana, has advised the navy department that the battleship Massachusetts can probably be repaired sufficiently to get under way from Bar Harbor for New York by next Thursday. The Massachusetts will be docked and the full extent of her damages learned.

Grasshoppers Thick in Montana.

Red Lodge, Mont., Aug. 18.—Grasshoppers are so thick in this section that they are plastering each day on the locomotives of trains and the wheels are so slippery that when the locomotives stop it is difficult to start them again. They have eaten the range bare.

DIES ON A MOUNTAIN TRAIL.

Miss Grathwol of St. Paul Succumbs to Exhaustion in California.

Santa Barbara, Cal., Aug. 18.—Miss Catherine Grathwol, a schoolteacher of St. Paul, Sunday died on the mountain trail which led to the summit of the Santa Ynez range, and there was some question as to how the woman met death until an inquest Monday developed the fact that death was caused by heart failure brought about by exhaustion.

Coroner's deputies, who went after the body, returned early yesterday after a difficult trip. The body had to be tied on the back of a horse and brought over the narrow trail in the darkness.

Miss Grathwol had requested the friends with whom she was making the ascent on horseback to proceed without her after half the distance had been covered, saying that she would await their return. The party went only a couple of miles and then returned. Not finding Miss Grathwol where she had been left, they proceeded a short distance along the trail and found her prostrate body in the sun. Efforts to revive her were futile and she died half an hour later. Miss Grathwol came to Santa Barbara five months ago from St. Paul, accompanied by her mother, hoping to regain her health.

The other members of the party have returned uninjured.

NEGRO KILLS FOUR MEN.

Nine Others Wounded and the Murderer Is Still at Large.

Heflin, Ala., Aug. 18.—News has just reached Heflin that four men were killed and nine wounded in Randolph county during the past few days by a negro named Sledge, who was affronted by at attack on his watermelon patch.

A party of white men were working on the road. Sledge has a watermelon patch near the road and, when the men finished working, they asked permission to eat a few melons. Sledge told them to help themselves. As soon as the men entered the patch they began to slash melons and destroy the vines. Sledge warned them to stop and, when they persisted, he secured a gun and emptied the weapon into the crowd, wounding nine out of eleven.

Sledge fled. A posse overtook the negro and ordered him to surrender. He replied by firing his shotgun, instantly killing Thomas Ebbett and Robert Ford.

Monday afternoon Sledge was accosted on the road by James Moore and Bud Wilson. Sledge fired, instantly killing More and mortally wounding Wilson.

PLAN OF COMMITTEE

MEANS BY WHICH SENATORS WOULD REMEDY PRESENT FINANCIAL ILLS.

St. Paul, Aug. 18.—A special to the Globe from Washington says:

The subcommittee of the senate finance committee has at last united on a practical plan to urge congress to provide at once the remedies it believes the country demands. These are:

Removal of the restriction upon the retirement of bank note circulation, which makes the maximum limit $3,000,000.

Authorization for the secretary of the treasury to deposit surplus receipts from the custom houses as well as receipts from internal revenue taxation in national banks, accepting as collateral security state, municipal and railway bonds.

A majority of the committee are now in favor of a provision requiring that where securities other than government bonds are taken for public deposits at least 50 per cent of the collaterial shall be government bonds. This is practically the whole extent of the committee's present programme.

BRILLIANT DISPLAY.

San Francisco Illuminated in Honor of Veterans.

San Francisco, Aug. 18.—San Francisco was ablaze with decorative lights last night in honor of the members of the Grand Army of the Republic who have been thronging to the Golden Gate for several days to attend their thirty-seventh annual encampment. Market street, from the ferries building on the water front to the city hall, was strung with thousands of red, white and blue electric lights. Long strings of the incandescent bulbs billowed their way from one side of Market street to the other. Long, fiery loops hung draped on the fronts of the principal buildings, while dazzling bunches of lights clung to the towering buildings of the Call, the Chronicle and the Examiner, which form a triangle at Third and Market streets. The high tower of the ferries building stood ablaze at the north end of the gala street like a sentinel beacon, while the lights of the city hall flashed back a signal from the south end. And the streets were crowded with the veterans, who stood amazed at the unexpected display of colored lights. The weather was fine and all things seemed propitious for an enjoyable campfire.

The events of the day were of the routine order, nothing special being on the programme. Arriving delegations were received and escorted to the quarters assigned to them.

UNKNOWN MAN HELD MRS. HILSROW OF SUNBURY, IA., FOR IMMENSE RANSOM.

WOMAN MADE HER ESCAPE

BUT SHE IS NOW IN A CRITICAL CONDITION AS THE RESULT OF EXPOSURE.

Davenport, Ia., Aug. 18.—Reports come from Sunbury, Ia., of the kidnapping late Sunday night of Mrs. John Hilsrow, wife of a wealthy farmer, and an attempt to extort $50,000 ransom from her husband. Mrs. and Mrs. Hilsrow were decoyed from their home by a man who said that their son was ill in a near-by town. While they were driving along a lonely road, with the strange man, it is said, Hilsrow, who is aged and feeble, was thrown from the buggy and was told that his wife would be held until he brought the money to a certain secluded spot. Mrs. Hilsrow was imprisoned in the cellar of a deserted farmhouse. During Sunday night, while her captor was away from the house, she made her escape, running to a farmhouse in the neighborhood. In the meantime her husband had communicated with the county authorities, but no trace of the kidnapper could be found. Mrs. Hilsrow is in a critical condition from exposure.

WILL OPEN TWO PORTS.

China Agrees to Allow Foreigners to Enter Mukden and Tatung Tao.

Washington, Aug. 18.—Minister Conger at Peking has secured a written promise from Prince Ching to sign on Oct 8 a treaty with the United States, which will include a guarantee that Mukden and Tatung Tao shall be open ports.

Peking, Aug. 18.—The arrangement made by Minister Conger for the signing of a treaty between China and the United States, providing for the opening of Mukden and Tatung Tao on the date of Russia's promised final evacuation of Manchuria, ends the stubborn resistance by the Chinese, which for some time promised to be successful.

Prince Ching made one defense after another until all were exhausted. He first argued Russian opposition to the opening of these ports. He then said that he was not informed that Russia had consented to the opening. Finally, he refused on the ground that China was unable to open towns which were held by another power.

When the present settlement was proposed with the explanation that China must presume that Russia intended to fulfill her evacuation agreement, Prince Ching reluctantly gave in.

Tatung Tao is a small port which does not promise much business to attract foreigners in the near future. Its opening is mainly important as a victory for the open door principle.

FAIR AVERAGE YIELD.

Northern Pacific Issues a Report on Wheat.

St. Paul, Aug. 18.—Wheat of excellent quality and a fair average yield is the general tenor of the Northern Pacific crop report issued yesterday, although there is a wide diversity of reports from the various stations. Grain has matured slowly on account of the cool weather, but has filled out splendidly. Harvesting has begun in some places, and will be general by the latter part of this week.

MRS. NATION ARRESTED.

Charged With Disorderly Conduct for Attacking Smokers.

Bayonne, N. J., Aug. 18.—Mrs. Carrie Nation was locked up here Monday evening charged with disorderly conduct. She collected a crowd by harranguing on a street corner and then ran around among the men, striking cigars, pipes and cigarettes from their mouths until a policeman arrested her.

DOUBLE TRAGEDY.

Connecticut Man Kills His Former Landlady and Commits Suicide.

New Britain, Conn., Aug. 18.—Frank Shirtleff, an insurance agent, aged thirty, shot and killed Mrs. George Schofield at her home here Monday, and then shot and killed himself. Shirtleff formerly boarded with Mrs. Schofield. Jealousy and unrequitted love are presumed to have caused the tragedy.

STRIKERS SHOT DOWN.

Fourteen Killed and One Hundred and Fifty Wounded by Russian Troops.

London, Aug. 18.—Fourteen strikers were killed and 150 wounded in a military onslaught which occurred in the vicinity of Kieff as late as Aug. 11, according to a Russian correspondent of the Times. The troops, he says, fired several volleys into the strikers at close quarters.

Massachusetts May Sail on Thursday.

Washington, Aug. 18.—Captain Emory, commanding the battleship Indiana, has advised the navy department that the battleship Massachusetts can probably be repaired sufficiently to get under way from Bar Harbor for New York by next Thursday. The Massachusetts will be docked and the full extent of her damages learned.

Grasshoppers Thick in Montana.

Red Lodge, Mont., Aug. 18.—Grasshoppers are so thick in this section that they are plastering each day on the locomotives of trains and the wheels are so slippery that when the locomotives stop it is difficult to start them again. They have eaten the range bare.

DIES ON A MOUNTAIN TRAIL.

Miss Grathwol of St. Paul Succumbs to Exhaustion in California.

Santa Barbara, Cal., Aug. 18.—Miss Catherine Grathwol, a schoolteacher of St. Paul, Sunday died on the mountain trail which led to the summit of the Santa Ynez range, and there was some question as to how the woman met death until an inquest Monday developed the fact that death was caused by heart failure brought about by exhaustion.

Coroner's deputies, who went after the body, returned early yesterday after a difficult trip. The body had to be tied on the back of a horse and brought over the narrow trail in the darkness.

Miss Grathwol had requested the friends with whom she was making the ascent on horseback to proceed without her after half the distance had been covered, saying that she would await their return. The party went only a couple of miles and then returned. Not finding Miss Grathwol where she had been left, they proceeded a short distance along the trail and found her prostrate body in the sun. Efforts to revive her were futile and she died half an hour later. Miss Grathwol came to Santa Barbara five months ago from St. Paul, accompanied by her mother, hoping to regain her health.

The other members of the party have returned uninjured.

NEGRO KILLS FOUR MEN.

Nine Others Wounded and the Murderer Is Still at Large.

Heflin, Ala., Aug. 18.—News has just reached Heflin that four men were killed and nine wounded in Randolph county during the past few days by a negro named Sledge, who was affronted by at attack on his watermelon patch.

A party of white men were working on the road. Sledge has a watermelon patch near the road and, when the men finished working, they asked permission to eat a few melons. Sledge told them to help themselves. As soon as the men entered the patch they began to slash melons and destroy the vines. Sledge warned them to stop and, when they persisted, he secured a gun and emptied the weapon into the crowd, wounding nine out of eleven.

Sledge fled. A posse overtook the negro and ordered him to surrender. He replied by firing his shotgun, instantly killing Thomas Ebbett and Robert Ford.

Monday afternoon Sledge was accosted on the road by James Moore and Bud Wilson. Sledge fired, instantly killing More and mortally wounding Wilson.

PLAN OF COMMITTEE

MEANS BY WHICH SENATORS WOULD REMEDY PRESENT FINANCIAL ILLS.

St. Paul, Aug. 18.—A special to the Globe from Washington says:

The subcommittee of the senate finance committee has at last united on a practical plan to urge congress to provide at once the remedies it believes the country demands. These are:

Removal of the restriction upon the retirement of bank note circulation, which makes the maximum limit $3,000,000.

Authorization for the secretary of the treasury to deposit surplus receipts from the custom houses as well as receipts from internal revenue taxation in national banks, accepting as collateral security state, municipal and railway bonds.

A majority of the committee are now in favor of a provision requiring that where securities other than government bonds are taken for public deposits at least 50 per cent of the collaterial shall be government bonds. This is practically the whole extent of the committee's present programme.
